Prague – Leaders of the main industry associations representing tire recyclers and tire manufacturers in Europe met for the first time in years, during the Bureau of International Recycling (BIR) World Recycling Convention, 26-27 Oct in Prague.

The forum was the BIR tyres & rubber committee meeting, where Fazilet Cinaralp of the European Tyre and Rubber Manufacturers' Association (ETRMA) and Dr Valerie Shulman of the European Tyre Recycling Association (ETRA) shared a platform.

Welcoming what he described as an “historic meeting of people who have not been... (Continues under subscription).
