

## Plastics from ELVs and the role of a primary plastics producer in recycling

**The BIR Plastics Committee under the chairmanship of Surendra Patawari Borad of Gemini Recycling continues to bring the issue of plastics from shredders centre-stage, with a guest presentation from Arie De Jong, Chief Executive Officer of ARN Holding BV (NED).**

26.09.2016

At the committee's plenary meeting that will be held on Monday, 24 October 2016 at 9.00 in the framework of the BIR World Recycling Convention at the Okura Hotel in Amsterdam, De Jong will talk about the "Achievements and challenges in end-of-life vehicles" and share with attending delegates his expertise based on his extensive career in the automotive sector,.

Second guest speaker will be Herman Van Roost, Business Development Manager Recycling at Total (NED). Representing the primary plastics industry, Van Roost will shed light on the "Role of a virgin plastics producer in plastics recycling".
